Summary

Motivated and detail-oriented Engineering student specializing in Information Science, with hands-on experience in MERN stack development, data analytics, and AI-based projects. Seeking opportunities to apply technical and analytical skills in real-world problem-solving, contribute to innovative projects, and grow as a versatile professional in software development and data-driven solutions.

Skills

Programming Languages: Python, C, Java basics
Web Technologies: HTML, CSS, MERN Stack
Tools & Platforms: Power BI, GitHub
Creative Skills: Video Editing, Photography
Soft Skills: Team Management, Event Coordination

Experience

Data Analytics Micro Intern **Nov 2023**
IBM SkillsBuild CSRBOX

- Analyzed large datasets to derive actionable insights.
- Created data dashboards using Excel and Power BI.
- Applied data mining and statistical modeling to solve business challenges.

MERN Stack Web Development Trainee **2024 – 2025**
Next Gen Employability Program

- Built scalable full-stack applications using MongoDB, Express.js, React.js, and Node.js.
- Improved debugging and problem-solving skills through hands-on projects.

Projects

Smart Glasses for Visually Impaired (InSight AI) | *ESP32-CAM, AI* **2024**

- Developed smart glasses using ESP32-CAM with AI-based real-time object detection and voice feedback.
- Provided a low-cost and portable solution to enhance mobility and independence for visually impaired users.
- **GitHub:** github.com/BhaskPand/SmartGalass

AI Voice Bank | *Python, SQLite, HTML, JavaScript* **2024**

- Built a voice-driven interactive banking interface with SQLite backend and web frontend.
- Implemented AI-based voice commands for banking operations.
- **GitHub:** github.com/Dhanux05/Ai-Voice-Bank.git

Personal Portfolio Website | *Next.js, React, Tailwind CSS* **2025**

- Designed and developed a professional portfolio website with responsive UI/UX.
- Showcased projects and technical skills with smooth navigation and animations.
- **Live:** dhanushkumar.co.in

Education

Bachelor of Engineering in Information Science **2022 – 2026**
APS College of Engineering, Bangalore

XII (State Board) **2022**
APS PU College of Arts and Science, Bangalore *Percentage: 65.7%*

X (State Board) **2020**
Bright Way School *Percentage: 70.1%*
